CRG Associate Program

Enriching People's Lives

Are You Interested in . . .

- Accessing a Holistic Assessment System to instantly increase your credibility and results with your clients?
- Becoming part of a network of exceptional colleagues who are your personal and professional development peers?
- Creating new transactional, passive, and residual streams of revenue?
- Having the opportunity to do business globally and online and earn income through those activities?
- Making a difference and transforming other people's lives?

Come Join CRG as a Licensed Associate!

We're Seeking . . .

CRG seeks to connect with professionals and professional developers in any of the helping fields—consulting, training, speaking, HR, education, coaching, counseling, career, instructional design, e-learning, online learning, and so on—who want to deliver the highest standards, credibility, and impact to the marketplace and their clients.

To qualify to apply to become a **CRG Licensed Associate**, you must offer your services to others as a third party for a fee. Completion of CRG's Assessment Systems Certification Workshop is a requirement.

Why Consider CRG's Licensed Associate Program?

Comprehensive Offering

As a professional, having only 1 or 2 tools limits your options to offer what is best for your clients—and what do you do for the follow-up steps? CRG resources include more than 3.5 million words of content and over 100 products—in both print and online formats. You'll have access to assessments and tools for the following applications and much more—all the options you need to serve your clients.

• Personal Style and Personality	• Health and Wellness
• Communications	• Sales and Customer Service
• Learning and Instructional Styles	• Leadership 360s and Management
• Job-Fit and Match	• Team-Building
• Entrepreneurship	• Purpose
• Human Resources Management	• Talent Management and Engagement
• Workforce Development	• Career Development

Access to CRG's Proprietary Holistic Development Models and Congruent Approach

We all want to do our professional best and use the finest. For the past 3+ decades, CRG has been dedicated to creating a holistic and congruent development system. Unfortunately, our experience has seen clients using assessments from several different sources—which ended up creating significant confusion and chaos. CRG is your one-stop solution to support your clients and constituents with a wide range of seamless offerings, all built to complement and support one another.

User-Friendly Resources Designed to Create Learning Experiences

CRG has designed resources that are focused on the learner, not the administrator. While the assistance of a trained professional adds value to the experience, individuals and organizations can effectively engage the process on their own. Because CRG tools are easy to understand, your participants can immediately apply what they learn.

Many instruments offered by other companies are too simplistic or overly complex. Often their language is too academic, outdated, and imprecise. We adopted this philosophy decades ago: "CRG gives psychology away for the learner." The quality of the CRG learning experience and resources will instantly increase the credibility of any professional using them.

Connect with a Like-Minded Community of Professionals and Peers

Becoming a Licensed Associate means you are part of the CRG Family. Whatever your level of success or responsibility, it is important to network and connect with others of like mind and values. Many of our clients and Associates have become coaches to one another—even best friends. Through our LinkedIn Group and other methods, you will become part of the CRG's Global Community of professional developers. You will be able to discuss with them potential applications, options, and possibilities about the use of CRG resources.

Build Your Own Brand with CRG's Private Label Assessments or Co-Branded Online Reports

CRG recognizes your need to brand the experience and the value you add to our products—so much so that we opened our own print shop to do just-in-time private-label assessments with your logo and contact information. In some cases, our Licensed Associates include their client's brand on the tools, which helps build the relationship. Our online system allows you to upload your logo on our site and place your contact information on the completed reports. There is also a private-label option to have your own branded portal to the assessments. Our online delivery system is an easy, effective way to stay connected with your clients while increasing the power and recognition of your own brand.

Develop a Global Business—Right from Your Location

We all acknowledge we are part of a global economy and business environment. CRG is a global player; as a CRG Licensed Associate, you are, too! Not only will you reach others around the world, you can serve in 12 languages (and growing). You need no longer rely on the local economy; you can diversify your business worldwide. We don't restrict where you do business. We want you to serve your clients wherever that takes you.

Infinite and Diverse Applications

Our resources are designed to be used with individuals, families, teams, and organizations—in personal and professional development applications. They can be engaged by individuals as young as 15 to the CEO of a Fortune 500 company—for career and team development, leadership retreats, marriage and relationship counseling, talent management, and HR to multiple-day seminars on sales, communications, and wellness and stress reductions, plus much more.

The Right to Special High-Volume Annual Licensing Packages

CRG has created highly competitive offerings for your larger-client needs or when you are serving educational markets. The programs provide Licensed Associates a significant competitive advantage and flexibility as they engage the global marketplace. Contact us to learn more about these special programs.

Testimonials

“There is no doubt in our minds that CRG tools/assessments are by far the best in the industry and will transform lives and relationships. Being a CRG Licensed Associate helps us serve our clients and improves our brand.”

Brian and Anne Bercht
Passionate Life Seminars

*“After using the DiSC style instrument for more than 8 years, I was fortunate to discover CRG's **Personal Style Indicator**. I find the **PSI** much easier to administer, with very complete, easy-to-follow instructions. The **PSI In-Depth Interpretations** are much more accurate, as well, leading to more client satisfaction.”*

Bruce R. Wares, President
Sales Productivity Institute

“CRG has played a central part as provider of tools for developing leaders, teams, and organizations, while increasing their competitiveness. As CRG Licensed Associates, we find CRG's products very hands on and affordable. CRG solutions are always very appreciated by our clients. CRG is easy and professional to work with—and part of a long lasting and fulfilling partnership.”

Mikael & Karin Berggren
MMD International, Sweden

Access to CRG's Proprietary Licensed Associate Residual, Passive, and Leveraged Revenue Model*

There are no less than 7 different ways you can earn revenue. We equally reward professionals who refer as those who consume. You simply build, maintain, and grow your client relationships.

1. Wholesale Pricing

Get a discount price on your purchases of CRG resources. This contributes to your profit margin. For print-based resources, CRG can process and drop-ship to the location of an Associate's client at the Associate's direction.

2. Enhanced Affiliate Percentages

CRG has created a proprietary online Affiliate program where, if an Associate so chooses, clients can purchase directly from CRG. CRG will then forward a percentage of that sale to the Licensed Associate.

3. Second Tier Affiliate Fees

Associates earn a percentage on their clients' referrals. If a client is linked to an Associate on the CRG system and that client uses his or her ID when referring a colleague or an organization to CRG, the Associate will receive a percentage of that sale. We honor the power of networking.

4. Associate-Only Volume Bonus

The more business you do, the greater the reward. The volume bonus is based on your total sales over the past 12 months. Based on your sales, you can qualify for additional revenue.

5. Associate-to-Associate Referral Fee Program

CRG's peer-to-peer referral fee program supports collaborative behavior. If your contemporaries are interested in CRG solutions and resources and you refer them to CRG, you will earn a permanent referral fee on everything they purchase. We acknowledge the power of relationship marketing.

6. Host or Sponsor a CRG Event or Certification for Event-Revenue Share with Offline and Online Options

Many organizations or partners are in a position to host their own CRG event. CRG partners with those who have the desire or capacity to do that. CRG partners with them by providing the expertise and content. The Associate fills the program seats as the event planner. We provide an event-revenue share. Please contact us for further details.

7. Subscription-Based Revenue

You will also be able to participate in CRG's Online University subscription or membership site. In partnership with CRG as an Associate, you will be able to have a revenue share on the monthly membership.

*Financial details are available upon confirmation that you qualify to become a CRG Licensed Associate.

To confirm you qualify as a CRG Licensed Associate, go to

www.crgleader.com/associates

The qualities of CRG Licensed Associates vary with target market, business size, and experience but they all share a commitment to delivering high-value solutions to their clients. To be eligible to become a CRG Licensed Associate, you must

- own an established training, consulting, coaching, or professional development business;
- be willing and able to integrate technology-based products into your business;
- complete the CRG Assessment Systems Certification Workshop;
- operate at the highest level of professionalism and integrity; and
- have the capacity to expand your offerings and be willing to invest in the CRG opportunity to grow your business.
